To: SSM BUILDERS & PROMOTERS SSM <ssmbuildersandpromoters@gmail.com>

Dear Sir/ Madam,

My Name is Balasubramaniyam (Bala) and I along with my family consisting of my Father, Mother, Wife and daughter have moved into the above said apartment on 02.05.2018. The apartment belongs to me elder brother and it will not be out of place to mention here that all of us are happy to move into the SSM nagar. We have been among those early buyers who invested and have seen the ordeal undergone by the SSM team and are really happy that the project is successfully completed. A big shout from all our family members to all the SSM team members who have withstood the test of time.

Wanted to share our feelings with the SSM team and so have sent this mail.

Thanking you and wishing you all "the very best" in all your future endeavours

Regards

Bala
[REDACTED]

Special thanks to Mr.Santhanam

Dear Sir,

We have received the keys of our flat (FANSEED) on 25th April 2018 and we have shifted our home to our esteemed SSM Nagar and settling down.

In this occasion, we would like to thank you and your entire team keep working very hard and making this project success (handing over the flats to customers).

We know the pain that you have gone through in last 3 years. May people around me told me that you have made a wrong choice and tried to mislead me saying that you would not get your flat delivered and not so easy to clear all legal hurdles that SSM is facing.

However, I kept my confidence on SSM only because of you, your vision, your dedication and strong wish to make this project success.

I always admire of your speech and the very first time I was inspired the way you have given during your address to parents during school admission process.

You are punctual, very clear and honest during your speeches. You mentioned in the meeting that SSM gives priority to education of moral, ethics and respecting elders to the student which is I really liked.

Once again thank you very much for your hard work, dedication, all hardships and ensuring that all flat owners are getting their flat. I cannot imagine, if other builder is in your place, not even one flat would have been handed over and never!

We pray god to give you healthy and long live as you always think good for society and SSM family.

Your sincerely,

Murali/Lakshmi
